Following publication of the original article [1], the authors reported an error in Table 1.

Due to a typesetting error, there are three values in the HTML version of Table 1 has been mistakenly presented, which caused the temporary discrepancy between the HTML version and the PDF.

In the Table 1 of the HTML version:

Values “3–35” and “.3–35” were wrong, the correct values should read “.3–35” and “.8–35”.

The value “c=3” in the footnote of Table 1 was wrong, the correct value should read “c=5”.

The original article [1] has been updated.
